

March 2025

Dear Year, 6 parents and carers,

It is with immense pleasure that I welcome you to our Perins School family.

I hope that you are pleased to receive the news that you will be working with Perins School over the next five years on your child's educational experience, that we term the 'Perins Journey.'

As the Perins Head of School, I am looking forward to working with in a partnership which assists in nurturing the social, emotional, and academic development of your child. Choosing a school for your child is one of the most important things we can do as parents, I believe you have made a fantastic decision by choosing Perins, a school which sets high aspirations for learners and enjoys observing its students then stepping up to inspire others.

Many of our alumni have gone on to be involved in remarkable things, and I am confident that this cohort will follow in the same vein.

There is a highly experienced team ready to welcome our new recruits and introduce them to the school environment, curriculum and to our Perins values, the cornerstone of our school ethos.

I can imagine that the sheer amount of information you will receive about our school may feel overwhelming at first. To assist in the transition from primary to secondary, over the next few months, we will be sending you details regarding the transition of your Year 6 child to Perins School and there will be numerous events to help you and your child to prepare for this big move.

We have created a new transition area on our website where we will add information throughout the Spring and Summer terms with all the details that will be needed for transition. This includes a parent information evening on [Tuesday 29th April 2025](#). More information about this event will be communicated closer to the time.

Liaising with Primary Schools

A member of the transition team will contact primary schools between April and June, to gain valuable information to aid your child's transition. The information gathered allows us to get to know the students as quickly as possible.

Student Transition Day

The transition day this year will be taking place on Friday 4th July 2025. We look forward to welcoming your child on this day, where students will enjoy a variety of tutor group activities, school orientation, lesson experiences, as well as meeting their tutors and making new friends, all with the aim of building their confidence ready for September.

Further details of the day will be sent out during the summer term.

Induction Information and Forms

There is a wealth of information for students, parents, and carers that we need to both give out and collect. Information includes data forms, SEND information, medical information, online payments (ScoPay), lockers, all of which eases your child into life at a new school. Additionally for students there will be information concerning tutor groups and summer activities. This will be sent to you directly over the spring and summer terms and, where appropriate be made available on our website.

Communications

Please be aware that email communications are sent to the email address that was provided on the Hampshire CC admissions application completed in October. You will have an opportunity to amend and add alternative contact details in the transition process.

We look forward to meeting you and your child over the coming months and build a two-way relationship which is mutually supportive.

Yours sincerely,

Mr Mark Nevola

Head of School
