

Perins School welcomes all our new students and their parents

Dear parents and carers,

We hope you have settled into the last term in your Key Stage 2 learning, with the knowledge that you have a place at Perins School. We are really looking forward to forging a positive relationship with all our new students and parents as we move closer to studies at Key Stage 3 and all the experiences this brings! There will be a lot of information coming your way and this will undoubtedly prompt questions, please feel free to contact Perins via our [Transitions Hub](#) if you need greater elaboration or just want to clarify key points. This letter aims to start your journey on the Perins experience by highlighting some key early milestones.

### **Parent Information & Year 6 student social evening**

We will be hosting a face-to-face Parent Information Evening on **Monday 13th May at 6.00 pm** in the Main Hall at Perins School.

The parent presentation includes areas such as the curriculum, pastoral support, SEND (Special Educational Needs and Disabilities), transport and the laptop scheme. The Year 6 pupils can attend a social event which gives them the opportunity to meet new friends, whilst the adults are introduced to some of the structures supporting the learning journey here at Perins.

Given the capacity of our school hall and the potential numbers attending, we are unfortunately asking that only one parent/ carer and the year 6 student attend this event. Please complete [this form](#) to let us know if you can join us at this event. We will of course make any information we present available on [our website](#) for those unable to attend.

**Please sign up before midday on Thursday 9th May to secure your place.**

### **Primary Transition – Information gathering and visits**

A member of the transition team has already contacted your child's primary school and will be calling or visiting the teachers and students where possible. These will continue into June after the Year 6 SATS. The purpose of these calls or visits is to gain as much information as we can to make the transition process as smooth as possible.
