# Department Activities

English & Media

Visit the English department in Pascal to do some descriptive writing amidst a tour of the senses, as well as playing some fun word games. Ever wanted to see yourself on the cover of a prestigious magazine? Now's your chance! Visit the media students in P1 to build a magazine cover where you are the star!

P.E

We will be running a range of sports in our Sports Hall, where you can sample different activities on offer at Perins. You can also visit Evolution, our on site gym, where you will be able to use the fitness suite equipment and ask any questions to staff that will be located in B1.

Maths

We have lots of games to test your Mathematical knowledge, try your hand at estimating angles with 'Banana hunt.' Try out the nations favourite Maths gameshow with our countdown station, plus many more games, you can even be entered into a free draw to win a Scientific calculator.

Music

The Junction

Join us in the Music department for a tour of our music rooms. See our GCSE students as they utilise our practice rooms for their coursework rehearsals.

Visit us at The Junction for Paella and a meet and greet with our new Guinea pigs!

History & Geography

Test your local history knowledge with some historical games and challenge your source skills, including 'Guess the Artefact.' In Geography, make an earthquake proof tower out of marshmallows and spaghetti and predict when the volcano might erupt? Plus many more games to test your Geographical knowledge.

Art & Photography

Visit us in Eliot and view some of the artwork our students have produced across the year groups. In E1 we will have Art GCSE students working on their coursework and in E2 test your phtography skills.

Religion, Philosophy & Ethics

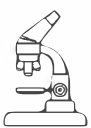

Come along to our department and colour some Mandalas. Have a go at answering and debating some of our philosophical questions, can you explain your opinions and add to our philosophical department tree.

Creative Arts

Join us in Hub 1 where we will be staging a 'Live' rehearsal of our production of Into The Woods which we are performing at The Grange next month!

Science Department

Visit N1 for Biology where we will have microscopes, models of various organs and hands on practicals. Visit N2 for our hands-on chemistry and physics activities with challenges to try and phenomenon to explore. There will be two sessions of live demonstrations in N3 at 17:45 and 18:15 – don't miss these!

Computing

Find us in Eliot building, where you can experiment with various programming activities, as well as Fruit pianos, Binary safe cracking and Hama bead images.

Design & Technology

In our DT department we have a selection of laser cut slot together toys that you will be able to colour and assemble to take home. You can also hear from our Year 9's about the new skills you will be learning. In Food Tech, we will be playing 'Guess the food/ingredient!'

Languages

Join us in MFL for a continental cheese buffet, Miss Sautier will be making traditional French crepes and create an animal to add to our international nature reserve!
